oasfpromise.org

The goal of the Ontonagon Area Scholarship Foundation is to build an endowment to provide all Ontonagon Area School District (OASD) graduates with funding for four years of post high school educational tuition and room and board. Since its founding in 1983, the OASF has awarded 648 scholarships to help students achieve their post high school educational goals.

Any 2020 graduate, in good standing and with a high school grade point average of at least 2.00 at the end of the first semester of this school year, may apply for a scholarship. Scholarship awards from the OASF will be announced at Commencement.
