This document provides guidance to ISD/Authorizing Body officials as they review and approve District/PSA Extended COVID-19 Learning Plans. The requirements were taken from the MAISA District/PSA Template for Extended COVID-19 Learning Plans as described in Public Act 149, Sections 98a 104 and modified as described in Public Act - 0165. Four important documents are linked below for your convenience. Using this Approval Guidance Document is a recommendation and is not required in PA-149 or PA-0165.

**Guidance:**

1. A checkmark means the requirement has been fully met in the plan.
2. Approving a plan means that all requirements have been fully met in the plan.

**District/PSA Template for the  
Extended COVID-19 Learning Plan  
as Described in Public Act 149, Section 98a**

**October 1, 2020**

On August 20, 2020 Governor Whitmer signed House Bill 5913 into law as Public Act 149. Section 98a states that in order to receive state aid for 2020-2021, districts must provide for instruction under an extended COVID-19 Learning Plan ("Plan") that has been approved by an intermediate district or authorizing body. The Plan does not replace the District's/PSA's COVID-19 Preparedness and Response Plan, it is an additional plan that includes new assurances and sections on educational goals, instructional delivery, grading, and equitable access. PA 149 does not apply to districts that operate as a cyber school.

District/PSA educational goals written for all students and all subgroups must be established no later than September 15, 2020 and submitted in their Plan to the ISD or Authorizing Body, as applicable, no later than October 1, 2020 for approval. ISDs and PSAs will transmit the approved plan to the state superintendent of public instruction and the state treasurer.

This is a Review Only document. Please download it as a Microsoft Word document to add your own District/PSA logo and Extended Covid-19 Learning Plan.

District/PSA Extended COVID-19 Learning Plans should be submitted to the ISD or Authorizing Body as a PDF file.

## Assurances

1. The District/PSA will make their ISD/Authorizing Body approved Extended COVID-19 Learning Plan accessible through the transparency reporting link located on the District's/PSA's website no later than October 1, 2020.
2. The District/PSA will create and make available on its transparency reporting link located on the District/PSA's website, a report concerning the progress made in meeting the educational goals contained in its Extended COVID-19 Learning Plan not later than February 1, 2021, for goals its expected would be achieved by the middle of the school year and not later than the last day of school of the 2020-2021 school year for goals the District/PSA expected would be achieved by the end of the school year.
3. Benchmark Assessments: The District/PSA will
  - o select a benchmark assessment or benchmark assessments that is/are aligned to state standards.
  - o administer the approved benchmark assessment, or local benchmark assessment, or any combination thereof, to all pupils in grades K to 8 to measure proficiency in reading and mathematics within the first nine weeks of the 2020-2021 school year and again not later than the last day of the of the 2020-2021 school year.
4. If delivering pupil instruction virtually, the District/PSA will
  - o provide pupils with equitable access to technology and the internet necessary to participate in instruction, and
  - o expose each pupil to the academic standards that apply for each pupil's grade level or courses in the same scope and sequence as the District/PSA had planned for that exposure to occur for in-person instruction.
5. The District/PSA, in consultation with a local health department will develop guidelines concerning appropriate methods for delivering pupil instruction for the 2020-2021 school year that are based on local data that are based on key metrics. Note: A determination concerning the method for delivering pupil instruction shall remain at the District/PSA Board's discretion. Key metrics that the District/PSA will consider shall include at least all of the following:
  - o COVID-19 Cases or Positive COVID-19 tests
  - o Hospitalizations due to COVID-19
  - o Number of deaths resulting from COVID-19 over a 14-day period
  - o COVID-19 cases for each day for each 1 million individuals
  - o The percentage of positive COVID-19 tests over a 4-week period
  - o Health capacity strength
  - o Testing, tracing, and containment infrastructure with regard to COVID-19
6. If the District/PSA determines that it is safe to provide in-person instruction to pupils, the District/PSA will prioritize providing in-person instruction to pupils in grades K to 5 who are enrolled in the District/PSA.

7. The District/PSA assures that
  - o instruction will be delivered as described in this plan and re-confirmed by the District/PSA Board,
  - o the description of instructional delivery in this plan matches the delivery of instruction to be delivered during the 2020-2021 school year,
  - o the District/PSA will reconfirm how instruction will be delivered during the 2020-2021 school year thirty days after ISD approval of the plan, and every 30 days thereafter at a meeting of the Board, and
  - o public comment will be solicited from the parents or legal guardians of the pupils enrolled in the District/PSA during a public meeting described in PA-149.
  
8. The District/PSA will ensure that students with disabilities will be provided with equitable access to instruction and accommodation in accordance with applicable state and federal laws, rules and regulations.
  
9. The District/PSA will ensure that two (2), 2-way interactions occur between a pupil enrolled in the District/PSA and the pupil's teacher or at least one (1) of the pupil's teachers during each week of the school year for at least 75% of the pupils enrolled in the District/PSA. The District/PSA will publicly announce its weekly interaction rates at each District/PSA Board meeting where it re-confirms how instruction is being delivered. The District/PSA will make those rates available through the transparency reporting link located on the District/PSA website each month for the 2020-2021 school year.

## Learning Plan Narrative

### Opening Statement

- Please provide a statement indicating why an Extended COVID-19 Learning Plan is necessary to increase pupil engagement and achievement for the 2020-2021 school year.

The Ontonagon Area School District students, staff, parents and community members have been impacted by COVID-19 in a number of ways:

- Traumatic Event
- Significant Learning Gaps
- Equitable issues accessing technology
- Food Securities

As we return to school in the fall, OASD's first priority is the safety and well-being of all members of our school community. Because of the wide range of experiences students had during the remote learning portion of the 19-20 school year, we anticipate that students will come to school in the fall of 2020 with a wider than usual range of competencies and social emotional needs. We expect that many students will be behind and will need opportunities to catch up. Teachers will need opportunities to collaborate with each other as they examine student work and determine what comes next in the learning for each student.

As Ontonagon Area School District plans to begin the school with varying learning environment opportunities, we will need to ensure that there are structures put in place to ensure student engagement and achievement for all. This plan will focus on teaching and learning with an emphasis on equity for all learners and the well-being of students and staff.

## Educational Goals

- **Please outline and describe the educational goals expected to be achieved for the 2020-2021 school year. The District/PSA must establish all of its goals no later than September 15, 2020. Authorizing bodies expect PSA educational goals will be aligned to the educational goal within your charter contract.**
- **Specify which goals are expected to be achieved by the middle of the school year and which goals are expected to be achieved by the end of the school year.**
- **Ensure that all of the following apply to the educational goals described in this section: (a) The goals include increased pupil achievement or, if growth can be validly and reliably measured using a benchmark assessment or benchmark assessments, growth on a benchmark assessment in the aggregate and for all subgroups of pupils; (b) The District/PSA benchmark assessment(s) are aligned to state standards and will be administered to all pupils K-8 at least once within the first 9 weeks of the 2020-2021 school year and not later than the last day of the 2020-2021 school year to determine whether pupils are making meaningful progress toward mastery of these standards; and (c) the District's/PSA's educational goals are measurable through a benchmark assessment or benchmark assessments.**
- **To the extent practicable, the District/PSA will administer the same benchmark assessment or benchmark assessments that it administered to pupils in previous years.**

The Ontonagon Area School District believes that benchmark assessment evidence can be used to monitor and evaluate patterns and trends in school/district academic performance and to identify effective instructional programs. We believe it can provide guidance for standardizing or adjusting curriculum and instruction across grade levels, schools, and districts.

However, we will not use benchmark assessment data to make high-stakes instructional decisions about individual student learning. Rather, Ontonagon Area School District will continue the use of (and professional learning around the use of) the formative assessment process as a powerful practice embedded in the teaching and learning process to continuously observe where our students are in order to modify instruction.

We believe the use of the formative assessment process, which is supported by an extensive body of research, provides in-time data for both our teachers and students to accelerate their learning and progress and gives us a more complete picture of what our students know and are able to do.

### Educational Goals

The DIBELS and Smarter Balanced assessments in reading and mathematics will be administered to all students twice: once in the first nine weeks of the school year, and again prior to the last day of school. Formative assessments will provide information to inform our progress toward our goals over the course of the year. Progress reports will be available on our website in February and June.

As a means of continuous improvement in teaching & learning, all teachers will continue to receive professional development in, and commit to the use of, the formative assessment process.

Additionally, OASD will continue to engage stakeholders in the district's assessment system, including publicly sharing aggregate and student subgroup performance reports on DIBELS and Smarter Balanced results.

Goal 1 - All students (K-8) will improve performance in Reading/ELA from Fall to Spring as measured by DIBELS and the Data Recognition Corporation.

- All teachers will use the formative assessment process to support adjustment to teaching & learning, to support meaningful student progress towards mastery of Reading/ELA academic standards.
- Results from Reading/ELA benchmark assessments, local Reading/ELA summative assessments, and formative assessment will be continuously discussed and analyzed by staff.

Goal 2 - All students (K-8) will improve performance in Mathematics from Fall to Spring as measured by DIBELS.

- All teachers will use the formative assessment process to support adjustment to teaching & learning, to support meaningful student progress towards mastery of Math academic standards.
- Results from Math benchmark assessments, local Math summative assessments, and formative assessment will be continuously discussed and analyzed by staff.

## **Instructional Delivery & Exposure to Core Content**

- **Please describe how and where instruction will be delivered during the 2020-2021 school year. (e.g. instruction may be delivered at school or a different location, in-person, online, digitally, by other remote means, in a synchronous or asynchronous format, or any combination thereof).**

The Ontonagon Area School District full instructional plan can be found on the school's website at [www.oasd.k12.mi.us](http://www.oasd.k12.mi.us)

### **Mode of Instruction**

To start the school year, all K-12 students will have the opportunity to attend school every day for face-to-face instruction or attend virtually. Student and staff health and safety will be addressed through a cohort model that keeps students together, as feasible, for the entire school day.

K-12 students will have the option to begin the year with a hybrid model that allows for more personalized schedules. With this model, students may attend CTE classes face to face and core academic classes virtually. This schedule attends to the health and safety of all students by minimizing the number of students in the building and decreases direct contact opportunities. OASD K-12 elective teachers will work to engage students remotely.

- **Please describe** how instruction for core academic areas will expose each pupil to the academic standards that apply for each pupil's grade level or course in the same scope and sequence as the District/PSA had planned for that exposure to occur for in-person instruction.

The Ontonagon Area School District full instructional plan can be found on our website at [www.oasd.k12.mi.us](http://www.oasd.k12.mi.us)

#### **Curriculum and Instruction: Academic Standards**

The Ontonagon Area School District curriculum for core academic areas is aligned to state standards. As teachers navigate the wider than usual range of competencies expected this fall, they will use these Curriculum, Instruction, and Assessment Toolkits to provide guidance to help them design new (or best utilize existing) pre-assessments to plan for differentiation of content, use results from pre-assessments to inform instruction and prioritize K-12 instructional standards for the 2020-2021 School Year. Teachers will continue to implement instructional approaches to meet the range of student needs as they return to school in the fall, identify assessment ideas that allow students to demonstrate understanding in a variety of ways, assess and provide instruction in the content areas in face-to-face, virtual, and blended classroom environments, and incorporate well-being and trauma-informed practices into instruction as learned in Capturing Kids Hearts training.

- **Please describe** how pupil progress toward mastery of the standards described within this section will be graded or otherwise reported to the pupil and the pupil's parent or legal guardian.

Ontonagon Area School students and guardians will have 24 hour access to grade reports through the use of Power School. Parents who need access may contact the school's main office during regular business hours.

## Equitable Access

- **If delivering pupil instruction virtually, please describe how the District/PSA will provide pupils with equitable access to technology and the internet necessary to participate in instruction.**

The Ontonagon Area School District ensures all students will be provided equitable access to technology and the internet as described in our Continuity of Learning Plan that was previously submitted to the state. The Ontonagon Area Schools District system for maintaining student access to technology devices and the internet is described in the Continuity of Learning Plan, and again on the District's website at [www.oasd.k12.mi.us](http://www.oasd.k12.mi.us)

- **Please describe how the District/PSA will ensure that students with disabilities will be provided with equitable access to instruction and accommodation in accordance with applicable state and federal laws, rules and regulations.**

### Students with Identified Special Needs

Upon the return to school, students' IEPs and 504 plans will be reviewed in coordination with general and special education teachers and/or providers to address any data-driven accommodations and/or services that are needed due to known changes in students' needs.

For students attending CTE programming, intervention and support services will be integrated into the student's program immediately upon the start of school.

The district has established structures for general and special education teachers and/or providers to collaborate and communicate regarding student performance and student needs on IEP goals and objectives with special consideration regarding assistive technology and accessibility.

The district ensures a continuation of services for students receiving speech and language, occupational therapy, physical therapy, or social work services within their IEP. The district also ensures a method for the continuation of evaluation for students suspected of having a disability as well as those requiring re-evaluation.

- **Optional Considerations for District/PSA Extended COVID-19 Learning Plans:**
  - 1. In addition to the students with disabilities noted above, please describe how the District/PSA will ensure that the needs of other vulnerable student populations, such as but not limited to, early English Learners and Fledgling/struggling students, are met.
  - 2. Please describe how the District/PSA will ensure that students will, during pandemic learning, have continued access to programs such as, but not limited to, Early Childhood, CTE, Early-Middle College, Dual Enrollment and Advanced Placement as applicable within the District/PSA.

The Ontonagon Area School District's full instructional plan addresses ways all learners are supported and can be found at our website [www.oasd.k12.mi.us](http://www.oasd.k12.mi.us).
